

### Inspired Birthdays On Tour!

Thanks to popular demand, Inspired Birthdays (IB) has exhibited their program and concept at several recent festivals and events.

Pictured left is IB founder, Rhonda Bannard, with Diane MacEachern, author of the *Big Green Purse*, at the League of Conservation Voters Earth Day at Desert Botanical Garden.

The middle photo was also taken at the Earth Day event and features the IB signage created from all natural or recycled materials.

The bottom photo was taken at the All Saint's Green Festival.

In April, Inspired Birthdays also made an appearance at the Southwest Autism Research & Resource Center's annual breakfast as well as the Phoenix Peace Festival.
